Think of the Chamber as...

**A department of your Business...** a department staffed with top flight business and professional people who work diligently for you on committees and task forces. People like you.

**A Watchful Eye...** keeping a close watch on legislation which affects you and your business, and watching to be sure the quality of life in this area is maintained.

**Another Voice...** presenting your views on issues at all levels of government.

**A Helping Hand...** developing information, answering many inquiries and preparing factual data and brochures that tell the story of our area.

**Another Tool...** hundreds of members and staff all working together constantly to promote and sell our community to new residents and businesses.

**The Front Door...** of our community, the place where our visitors and new comers get their first impression of our area.

**We are truly the Heartbeat of Our Community.**
